

CHANNEL MANAGER

CHANNEL MANAGER

The **SmartHOTEL Channel Manager** software is *THE* solution for Online Distribution of hotel rooms. Our user-friendly extranet allows the hotels to control room availability, rates and restrictions for all major online booking sites all around the world!

ALL THE INFO YOU NEED (otherwise just get in touch)

GENERAL

Real-time, automated 2-way online distribution to handpicked OTAs that makes the real difference. Keeping rooms, rates and restrictions up-to-date across all booking sites.

- For hoteliers, by hoteliers: built by people who are hospitality experts
- More than just a product: while we are proud of our advanced technology, it is our service that makes the real difference
- Easy to use and learn: intuitive user interface and experience

FUNCTIONAL

One-stop automated management of all your booking channels.

- Eliminate manual entry through a seamless integration with Oracle / Micros Fidelio and other leading solutions
- Reduce errors and boost online sales with 2-way connectivity and real-time, accurate availability and rates across your online channels
- Save precious time to spend on your guest experience without sacrificing distribution impact

TECHNICAL

Optimized for Oracle Micros Fidelio.

- Seamless fit, we are Oracle Platinum Partner integration specialists
- SmartHOTEL specializes in Oracle integrations with the main focus on hotel distribution solutions to Oracle myfidelio.net, OPERA and Suite8 systems. You might know us as being the technology provider behind the Micros Channel Manager
